About Me

Hello! My name is Edward, and I am 16 years old living in Warwickshire, England.

I have had a keen interest in all things technological since a young age.

This interest developed further after being introduced to advance coding (ASP.NET in a Visual Studio environment) by an older relative.

Achievements

Completed courses such as Springpod's Technology Course and Open University's UI Interface and Simple Coding course.

Created a train journey planning tool named PlatformPredict which has been used by many people and boasts around 1700 lines of code over three languages – platformpredict.co.uk.

Testimonials

Harry Conor Lucas

Cofounder and CTO of Phasio

"*As a true digital native, he is well prepared for the modern world of work which is more decentralised and technically specialised than ever before.*"

Ales Rechtorik

Product Owner of Zerops

"*Edward has demonstrated a great general knowledge about programming, good common sense, as well as ability to create applications beyond something I'd expect from someone of his age.*"

Ruben Cranmer

Customer

"*He is a hard worker who never misses a deadline and gets jobs done quickly.*"

Skills

Three years' experience developing with NodeJS.

Two years' experience developing with Python.

One years' experience developing with HTML, CSS and JavaScript.

Experience with navigating and developing on Linux infrastructure.

Warehouse/office experience including using SAP.

Education

I am currently awaiting my GCSE results for the exams taken in May/June 2024

I studied in Secondary education from September 2019 to June 2024.

I am predicted to achieve excellent grades in all my subjects.

In Computer Science, I am predicted to achieve a Grade 9.

Subjects Taken 9 GCSEs in total		
Maths (Higher) & Statistics	English Language & Literature	Combined Science: Trilogy (Higher)
Computer Science	History	Geography

Work Experience

Temporary Admin Assistant Nutripack UK June 2024
I assisted Nutripack's Admin in duties such as packing parcels, stacking pallets, booking transport, invoice auditing and order creation/management on SAP.

Next Steps

I am currently searching for part-time opportunities, working up to 12 hours a week during term time.

I would be able to work full-time hours during college holidays.

I would like a job to help me gain more experience in the world of work and to sustain me through college and university.

I will be studying for Computer Science, Applied Business, eSports and Mathematical Studies qualifications at college from September 2024.
